Forecast For Wales
Issued by Met Office Exeter
at 0400 on Sunday 03 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cloudy with bright spells and showers. Breezy and cold.

Today:
Cloudy day with a few bright spells for the southwestern areas. Scattered showers, especially in eastern and northern parts of the country will ease a little during the afternoon. Feeling cold. Maximum temperature 6 deg C (43 deg F).

Tonight:
Remaining cloudy into the evening with a few showers across eastern parts of the country. Patchy frost and risk of ice on higher ground overnight. Remains cold, turning breezy. Minimum temperature -2 deg C (28 deg F).

Monday:
A rather dry and cloudy start with some sunny breaks, especially in west. Showers arriving in the east through the morning and then spreading south later. Moderate wind easing overnight. Maximum temperature 7 deg C (45 deg F).

Outlook for Tuesday to Thursday:
Mostly dry and largely cloudy on Tuesday and Wednesday, but with sunny spells and a few showers. Turning wet with hill snow on Thursday. Remaining cold throughout.
